## 2021 New Student Recruitment Guide

Sabah Tshung Tsin Secondary School (STTSS), located in Kota Kinabalu, was established in 1965. Currently, there are around 2600 students and 160 staff.

Our vision is to create a global ideal learning paradise by adhering to the six principles of education that promote diversified development, and the love for teaching and learning.

The school adopts a dual-track system in teaching that emphasizes the three main languages. It is therefore not surprising that we have been achieving excellent results in the public examinations namely PT3, SPM, Junior UEC and Senior UEC. Since 2009, the school has maintained its 5-star status. STTSS is also ranked among the top ten best private secondary schools in the country by the Ministry of Education. In 2019, STTSS won the Sin Chew Excellent Award in education.

The school is equipped with covered basketball courts, volleyball courts, badminton courts, rubberized running track and other well-furnished activity centres. There are also more than 50 clubs for various interests and hobbies. In 2019, the Maker Lab was set up, and the STEAM Science and Technology Building scheduled to open in 2021 will create a more practical learning environment.

The modern campus, excellent student hostel, well-equipped activity centres and trained teachers are in line with the concept that education is all for children and for all children.
